

Grassfed Frozen Beltie Beef Cuts

Belted Galloway beef has been proven to be one of top for tenderness and flavor, while also surpassing USDA standards—**46% lower in calories, 72% lower in fat calories, 68% lower in Total Fat, 69% lower in Saturated Fats, 57% lower in cholesterol and 19% higher in protein**—all according to a study commissioned by the Belted Galloway Society.

Our beef was pasture raised, all natural—no growth hormones or antibiotics. The beef was processed by Das Schlacht Haus in Arthur IL, and is vacuum packed in clear plastic in individual servings, making it both easy to defrost, and efficient to use.

Leaner. More Tender.

Cypress Grove Farm Store

Farm-To-Freezer Locally Sourced Pork

Cypress Grove pork was raised just a few miles from our store, on a small farm in the “old fashioned” way—no hormones and no antibiotics. All cuts are vacuum packed making it super easy to thaw—just drop it in some warm water in your sink and you are ready to grill in 15-20 minutes—no microwave required! This meat has a great flavor and texture and the brats, pork burgers and pork chops are great for summer grilling.
